

Guidelines  
for  
Submitting History and Photos  
for the Web Site

~~~~~

History

History of all types is accepted including personal experiences (serious or humorous). If in doubt, contact me (webmaster.)

History information needs to be in a word processor format such as Microsoft Word. Microsoft Windows has a word processor that is more than adequate. It is also relatively easy to use.

The Apple computer word processor can produce documents in Microsoft Word format.

If you find some relevant history on the internet, send the link to me.

Information typed into the body of an email or into the message board cannot be used. It is too difficult to format for the web site.

Photos

Photos should be in JPG format. If you don't have access to a scanner, you can ship the photos to me (webmaster), and I'll scan them. The original photos will be returned to you.

Please contact me before sending any photos by the USPS or other carriers such as UPS.

Contact Me

If you need help or have questions, please contact me.
